

## LONGHORNS SWIM CAMP DAILY SCHEDULE

We believe that each camper should be challenged, but also experience a degree of success during the workout periods. To achieve these objectives and to provide for more individualized attention, the camp is divided into four ability groups: Blue, Red, White, and Orange. The entire camp staff will work with each group. Groups are assigned at Sunday night's workout. We ask the campers' 100-yard freestyle time to give us a basis from which to begin assigning a swimmer to a group. **We always make adjustments if warranted, and encourage campers to communicate any concerns to the staff. Please give the assigned group an opportunity on Monday morning. NO CHANGES are made on Sunday evenings.**

### SUNDAY
